Before You Begin

There are two parts to the application process for County Caseworkers.

First, you must apply to an online exam and receive a score. Once you receive your score, you may apply to as many applicable vacancies as you wish, prior to the expiration of your score.

In order to be considered for a County Caseworker vacancy, you must first apply to the exam posting, complete that application, and receive a score. Completing the application for the exam posting does not count as an application to a vacancy.
